

Retail Ready Product Designations

Effective May 01, 2025

Any product intended to be created and/or sold that is not included in this document must be submitted to the Cannabis Office for review and designation before it is permitted to be eligible for sale at a cannabis establishment. Pursuant to 560- RICR-10-10-2.4, product designation(s) may be withdrawn, denied or revoked by the Cannabis Office (“CO”) if the product fails to satisfy any provision of the Rhode Island Cannabis Act, R.I. Gen. Laws Chapter 21-28.11, the Edward O. Hawkins and Thomas C. Slater Medical Marijuana Act, R.I. Gen. Laws Chapter 21-28.6, or the Rules and Regulations Related to the Operational Requirements For Cannabis Establishments, 560-RICR-10-10-2, or if the product deviates or is altered from its previously approved form.

The below products have been designated to be available for sale to an adult-use consumer and/or to a patient, caregiver, or authorized purchaser based on the designation category and accompanying requirements, including but not limited to, passing enforced compliance testing results reported by a RI licensed cannabis testing facility.

Bud/Flower (Adult-Use and Medical)

- Pre-Packaged Raw Flower
- Pre-Rolls with flower only
- Infused Pre-Rolls with designated concentrate(s) added to it
- Infused flower or pre-ground flower with designated concentrate(s) added to it
- Prohibited additives include caffeine, nicotine, tobacco, or other unapproved substances

Concentrates Intended for Vaporization (Adult-Use and Medical)

- 100% cannabis with no added ingredients
- No flavor or coloring has been added except those derived solely from cannabis and have been procured in accordance with applicable Rhode Island laws
- No vitamin E acetate has been added
- An ingredient list for each unique product has been submitted to the CO
- Prohibited additives include nicotine, tobacco, or other unapproved substances

Concentrates Intended to be Inhaled (Adult-Use and Medical)

- 100% cannabis with no added ingredients
- No flavor or coloring has been added except those derived solely from cannabis and have been procured in accordance with applicable Rhode Island laws
 - May include added hemp-derived terpenes that have been approved for External Transfer by the CO

- May include hemp-derived non-synthetic/non-psychoactive cannabinoids that have been approved for External Transfer by the CO
- Prohibited additives include nicotine, tobacco, or other unapproved substances
