

Package Labeling by Product Type Guidance Document

January 30, 2026

This guidance is issued by the Cannabis Control Commission, through its Cannabis Office, to provide clarification regarding packaging and labeling requirements. This guidance is issued in accordance with the Rhode Island Cannabis Act, The Medical Marijuana Act, and the Rules and Regulations related to the Operational Requirements for Cannabis Establishments, 560-RICR-10-10-2.7 *Labeling Requirements for Retail-Ready Cannabis Products*. This document does not replace a thorough reading of the Acts and/or rules and regulations.

Please be advised:

Warnings may be stated in a peel-back accordion, expandable, or extendable style so long as the label can be easily identified by a consumer as containing important information as follows:

1. The exposed portion of the peel-back label must clearly indicate that it contains a warning.
2. The exposed portion of the peel-back label must be displayed in the bright yellow box; and
3. The exposed portion of the peel-back label must comply with all other requirements stated above.

Warnings must be displayed on all retail-ready cannabis products, preceded either collectively or individually by the term “Warning.”

The following warnings must be displayed on all retail-ready cannabis products, preceded either collectively or individually by the term “Warning”:

1. “This product contains cannabis. Store securely locked away from children.”
2. “It is unlawful to transport this product outside of Rhode Island.”
3. “Cannabis use may impair your ability to operate a motor vehicle or machinery.”
4. “Consumption while pregnant or breastfeeding may be harmful.”
5. For cannabis products intended to be smoked or vaporized:
 - a. “Smoking and Vaping is hazardous to your health.”

6. For all cannabis-infused products, it must state in slightly larger or bold font as to stand out from surrounding text, with priority placement:
 - a. “Effects of this product may be delayed.”
7. For all cannabis-infused topical products, it must state:
 - a. “For Topical Application – Do Not Eat or Smoke.”

The following table outlines the labeling requirements based on product type. All retail-ready cannabis product packages require labels from the “All Products” product type category **and** will require additional label information outlined in their corresponding product type categories.
